DESCRIPTION

Camp Journey is a camp providing a community of hope for children and their families touched by cancer.

Accredited by ---

In this nurturing, medically supervised home-away-from-home, young cancer survivors can leave their worries behind for one magical week and immerse themselves in a fun-filled outdoor camp experience tailored expressly to their needs. We also devote extensive time and energy to increasing access to medicines and vaccines through far-reaching programs that donate and deliver our products to the people who need them.

Camp Journey is a no-cost resident and day camp for children diagnosed with cancer, both on and off therapy. The camp gives these children the opportunity to spend a week in the outdoors, participating in typical camp activities while making friends with others who understand and share their situation. Along the way, they develop independence and confidence, learn new skills, and make memories to last a lifetime
